New Mountain Finance Corporation Announces Pricing of \$100 Million of 5.75% Convertible Notes due 2023

New York, NY – 08/16/2018 – New Mountain Finance Corporation (the “Company”) (NYSE: NMFC) announced today the pricing of \$100.0 million in aggregate principal amount of its 5.75% unsecured convertible notes due 2023 (the “Notes”). In addition, the Company has granted the underwriter for the offering of the Notes an option to purchase up to an additional \$15.0 million in aggregate principal amount of the Notes. The closing of the offering is subject to customary closing conditions and is expected to take place on August 20, 2018.

The Notes will be convertible into shares of the Company’s common stock based on an initial conversion rate of 65.8762 shares of the Company’s common stock per \$1,000 principal amount of Notes, which is equivalent to an initial conversion price of approximately \$15.18 per share of common stock, representing a 10.0% conversion premium over the last reported sale price of the Company’s common stock on August 15, 2018, which was \$13.80 per share. The conversion price for the Notes will not be reduced for quarterly cash dividends paid to holders of the Company’s common stock at or below the rate of \$0.34 per share, subject to anti-dilution and other adjustments.

The Notes will mature on August 15, 2023, unless earlier converted, repurchased, or redeemed in accordance with their terms. Interest on the Notes will be payable semi-annually in arrears on February 15 and August 15 of each year, commencing on February 15, 2019.

The Company intends to use the net proceeds from the sale of the Notes to repay outstanding indebtedness under its credit facilities. However, through re-borrowing under such credit facilities, the Company intends to make new investments in accordance with its investment objective and strategies and use available capital for other general corporate purposes, including working capital requirements. The Notes have no restrictions related to the type and security of assets in which the Company might invest.

Wells Fargo Securities, LLC is serving as sole book-running manager for the offering.

Investors are advised to carefully consider the investment objectives, risks and charges and expenses of the Company before investing.
